Our history includes Firestone Country Club and Pinehurst

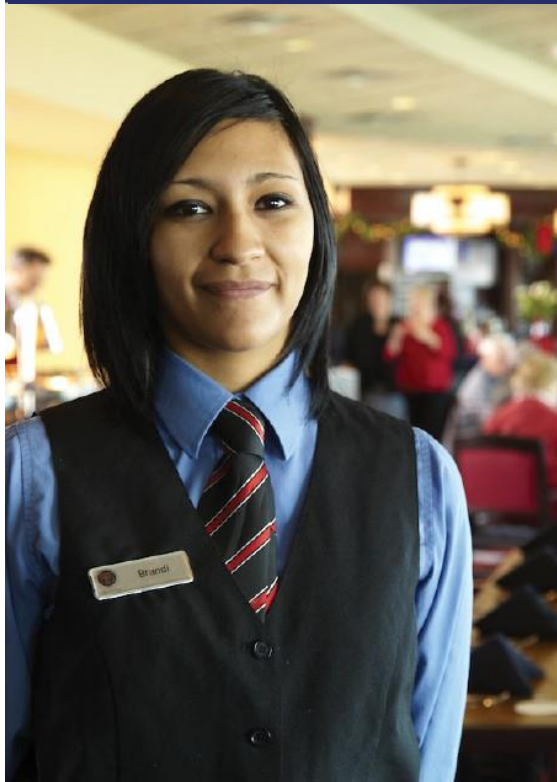

In our earlier years, ClubCorp's founder, Robert Dedman, acquired Firestone Country Club from the Firestone family, in 1981. Shortly after in 1984, he bought Pinehurst and began restoring it to what we know it to be today. To this day, our stewardship of Firestone and its rich history of multiple PGA tournaments along with our restoration of Pinehurst and the holding of the 1999 and 2005 US Open is still looked at as two of our proudest contributions to the world of golf.
